

Fall in Beautiful Door County

September 20-23, 2020

Day 1: The beautiful fall colors of Wisconsin's rolling countryside await us as we head for Door County. Our first stop will be for an included roll and coffee break and then we'll continue east to Wausau for a lunch break on your own. Later we'll take a break in Green Bay before heading onto the Door County Peninsula. Our accommodations for the next 3 nights are at the historic Rowley's Bay Resort overlooking a pristine bay on Lake Michigan near the tip of the Door County Peninsula. The hotel is full-service with a restaurant, quaint pub and indoor pool. After checking in we'll enjoy an included Welcome Dinner. (CS, D)

Day 2: An included breakfast starts the morning, then we'll depart with our local guide for Northport Pier and board the ferry for Washington Island (weather permitting). Only six miles off the coast of Door County, Washington Island is one of the oldest Icelandic settlements in the United States. During the tour lunch will be included. After our ferry returns to the mainland, we'll browse picturesque village after village en-route back to the hotel for time to refresh prior to enjoying a traditional Door County Fish Boil Dinner. (B, L, D)

Day 3: An included breakfast starts the day and then we're off for our guided tour. We'll visit the charming towns of Ephraim, Ellison Bay, Bailey's Harbor, Fish Creek, Peninsula State Park and the Scandinavian Stav Church. There will be time to browse the wonderful shops and markets and have lunch on your own. Late this afternoon we'll head to the unique Al Johnson's Swedish Restaurant for an included dinner. We'll then return to the hotel with the evening free to relax and perhaps walk along the lake. (B, D)

Day 4: Following an included breakfast we regretfully must leave this "Cape Cod of the Midwest". We'll take a morning break, lunch stop on your own and afternoon break en-route back to the Twin Cities. We should arrive back home late this afternoon filled with wonderful memories of Door County. (B)
